

UNIBUILD
SOLUTIONS BD

— Building Trust, Creating Future —

Company Profile

Quality
We Promise

Safety
We Prioritize

Excellence
We Deliver

Stronger Foundations,
Better Tomorrow.

WE ARE PROVIDING
TURNKEY SOLUTIONS FOR ANY
INDUSTRIAL, COMMERCIAL AND RESIDENTIAL COMPLEX.

DESIGN | CONSTRUCTION | CERTIFICATION | CONSULTANCY

INDUSTRIAL LAYOUT DESIGN
FOR ALL TYPES OF FACTORIES

- Optimized space utilization
- Smooth material flow & workflow
- Compliance with local & international standards
- 2D/3D layout with process planning

ARCHITECTURAL & STRUCTURAL
DESIGN SOLUTIONS

- Conceptual to detailed architectural design
- Structural analysis & design
- Safe, economical & durable solutions
- Compliance with BNBC & international codes

MEP (MECHANICAL, ELECTRICAL & PLUMBING) DESIGN

- Mechanical system design (HVAC, ventilation, utilities)
- Electrical system design (Power, lighting, earthing)
- Plumbing & sanitary system design
- Energy efficient & cost effective solutions

FIRE DETECTION & PROTECTION SYSTEM DESIGN

- Fire detection system design
- Fire alarm & notification system
- Fire suppression system (Sprinkler, FM200, CO2, etc.)
- Compliance with NFPA & BNBC

DETAILED ENGINEERING ASSESSMENT (DEA)

- DEA report preparation
- Technical due diligence
- Risk assessment & recommendation
- Support for bank loan & investment

INTERIOR DESIGN SOLUTIONS

- Functional & aesthetic interior design
- 3D visualization
- Space planning & material selection
- Turnkey interior solutions

GOVERNMENT APPROVAL DRAWING PREPARATION

- Municipality, City Corporation & RAJUK drawings
- Fire service, Environment clearance drawings
- BOQ & other necessary documents
- Fast & hassle-free approval support

FACTORY COMPLIANCE & AUDIT CONSULTANCY

- Factory compliance review
- Gap analysis & improvement plan
- Safety, environmental & labor compliance
- Audit support (internal & external)

LEED CERTIFICATION ASSISTANCE

- LEED feasibility study
- Documentation & submission
- Coordination with USGBC
- Green building consultation

TESTING SERVICES FOR DEA APPROVAL

- Material testing (Concrete, Steel, Soil, etc.)
- NDT testing (Ultrasonic, Rebound Hammer, etc.)
- Environmental testing
- Certified lab support

CONSTRUCTION WORKS

- Industrial, commercial & residential construction
- Civil, structural, MEP & finishing works
- Project management & supervision
- Quality, safety & timely delivery

Company Introduction:

Unibuild Solutions BD is a multidisciplinary engineering consultancy specializing in industrial planning, factory design, and compliance-driven engineering solutions. We provide integrated architectural, structural, MEP, fire safety, and engineering consultancy services that help clients develop safe, efficient, and sustainable industrial facilities. Our team is committed to delivering practical, code-compliant, and cost-effective solutions tailored to each project's operational requirements.

Key Highlights:

- End-to-End Turnkey Project Solutions
- Industrial Planning Specialist
- Multidisciplinary Engineering Consultancy
- Factory Design Experts
- Compliance & Engineering Solutions

MESSAGE FROM THE CEO:

Dear Valued Clients and Partners,

Welcome to **Unibuild Solutions BD**.

At Unibuild Solutions BD, we believe that every successful project begins with a clear vision, thoughtful planning, and engineering excellence. Our mission is to deliver innovative, reliable, and compliance-driven solutions that help our clients achieve their goals efficiently and sustainably.

From industrial planning and factory design to architectural, structural, MEP, fire safety, and turnkey project solutions, we are committed to maintaining the highest standards of quality, professionalism, and integrity in everything we do. We strive to build long-term relationships by understanding our clients unique requirements and delivering practical, cost-effective solutions that create lasting value.

As we continue to grow, our focus remains on innovation, technical excellence, and client satisfaction. We sincerely thank our clients, partners, and stakeholders for their trust and confidence in Unibuild Solutions BD. We look forward to building a smarter, safer, and more sustainable future together.

Thank you for your trust and support.

Sincerely,
Md Towfiqul Islam
Chief Executive Officer (CEO)
Unibuild Solutions BD

Vision, Mission & Core Values:

Vision:

To become a trusted and leading engineering consultancy in Bangladesh, delivering innovative, sustainable, and compliance-driven solutions that shape the future of industrial, commercial, and residential development.

Mission:

Deliver high-quality engineering consultancy with a focus on safety, efficiency, and sustainability.

Provide integrated solutions in industrial planning, architecture, structural engineering, MEP, fire safety, and compliance.

Optimize project performance through innovative design and practical engineering.

Build long-term partnerships by ensuring client satisfaction, professionalism, and technical excellence.

Contribute to the development of modern, sustainable, and globally competitive industries.

Core Values:

- **Integrity** – We act with honesty, transparency, and professionalism.
- **Excellence** – We are committed to delivering quality in every project.
- **Innovation** – We embrace practical and forward-thinking engineering solutions.
- **Safety & Compliance** – We prioritize regulatory compliance and safe design practices.
- **Client Commitment** – We focus on understanding and exceeding client expectations.
- **Collaboration** – We believe in teamwork, knowledge sharing, and strong partnerships.
- **Sustainability** – We promote environmentally responsible and resource-efficient solutions.

Why Choose Unibuild Solutions BD:

- **17+ Years of Industry Expertise** – Extensive experience in industrial planning, factory design, and engineering consultancy.
- **Turnkey Project Solutions** – From concept and design to engineering, construction, and project handover, we provide complete turnkey solutions tailored to our clients' requirements.
- **Multidisciplinary Engineering Team** – Integrated architectural, structural, MEP, fire safety, and compliance expertise under one roof.
- **End-to-End Engineering Solutions** – From concept and planning to design, approvals, compliance, and project execution support.
- **Compliance-Focused Approach** – Designs aligned with BNBC, RSC, Nirapon, and other applicable national and international standards.
- **Optimized Industrial Planning** – Efficient factory layouts that maximize productivity, space utilization, and operational workflow.
- **Quality & Technical Excellence** – Practical, cost-effective, and sustainable engineering solutions without compromising quality.
- **Client-Centric Service** – Tailored solutions, responsive communication, and long-term partnership commitment.
- **Reliable Project Delivery** – Professional project management with a focus on timely and efficient execution.

Our Core Services:

- **Industrial Layout Design for All Types of Factories:**

With over 15 years of industrial planning and factory design experience, we develop optimized and compliance-focused layouts for all types of manufacturing facilities. Our designs maximize space utilization, improve production flow, enhance operational efficiency, and comply with BNBC, fire safety, and buyer compliance requirements.

Extensive experience in designing:

- Ready-Made Garments (RMG) Factories
- Sweater Factories
- Knit Composite Facilities
- Woven Garment Factories
- Denim Manufacturing Plants
- Suit & Formal Wear Factories
- Knitting & Dyeing Industries
- Spinning Mills
- Footwear Manufacturing Facilities
- Warehouses & Industrial Buildings

- **Architectural & Structural Design Solutions:**

Our architectural and structural design services deliver safe, functional, and cost-effective solutions that meet project requirements while ensuring durability, sustainability, and regulatory compliance.

Our Core Services:

- **MEP (Mechanical, Electrical & Plumbing) Design:**

We provide integrated MEP design solutions that ensure reliable building services, energy efficiency, operational effectiveness, and seamless coordination with architectural and structural systems.

- **Fire Detection & Protection System Design:**

Our fire safety solutions include the design of fire detection, alarm, suppression, and protection systems in accordance with applicable codes and standards to safeguard life and property.

- **Detailed Engineering Assessment (DEA):**

We conduct comprehensive engineering assessments to evaluate structural integrity, safety, and compliance, supporting factory approvals and operational reliability.

- **Interior Design Solutions:**

We create functional, modern, and aesthetically appealing interior spaces for garment office floors, residential homes, and commercial establishments. Our designs combine creativity, efficiency, and practicality to enhance comfort, productivity, and brand identity.

Our Core Services:

- **Government Approval Drawing Preparation:**

We prepare professional approval drawings and documentation required by relevant authorities, facilitating a smooth and efficient approval process for construction and industrial projects.

- **Factory Compliance & Audit Consultancy:**

Our consultancy services help factories achieve compliance with local regulations, buyer requirements, and international standards through gap assessments, corrective action planning, and technical support.

- **LEED Certification Assistance:**

We assist clients throughout the LEED certification process by providing technical guidance, documentation support, and sustainable design strategies to achieve green building objectives.

- **Testing Services for DEA Approval:**

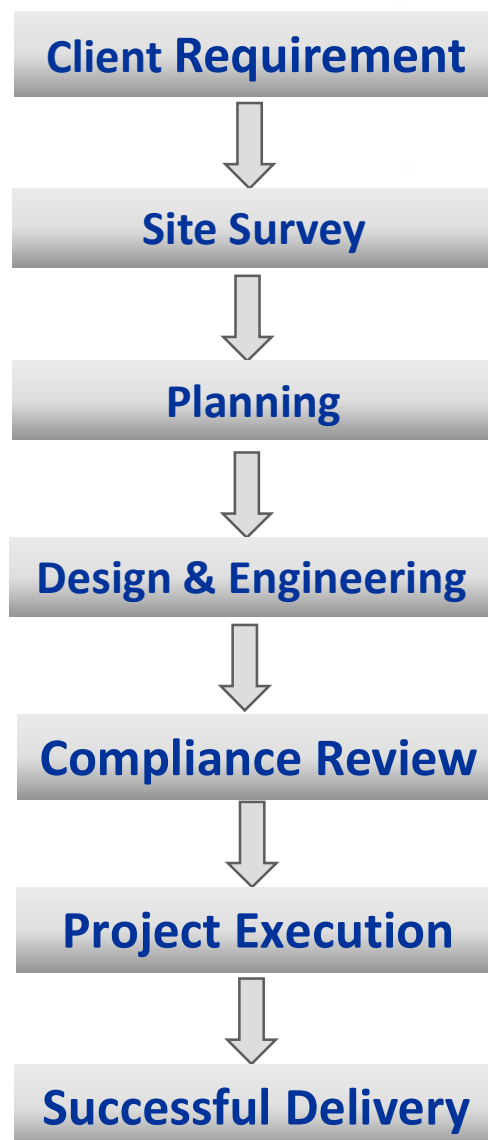

We coordinate and facilitate the required testing and inspection services for DEA approval, ensuring accurate evaluation of structural performance and compliance with regulatory requirements.

- **Construction Works:**

We deliver reliable construction solutions for industrial, commercial, and residential projects with a strong focus on quality, safety, timely execution, and cost-effective project delivery.

Our Project Approach:

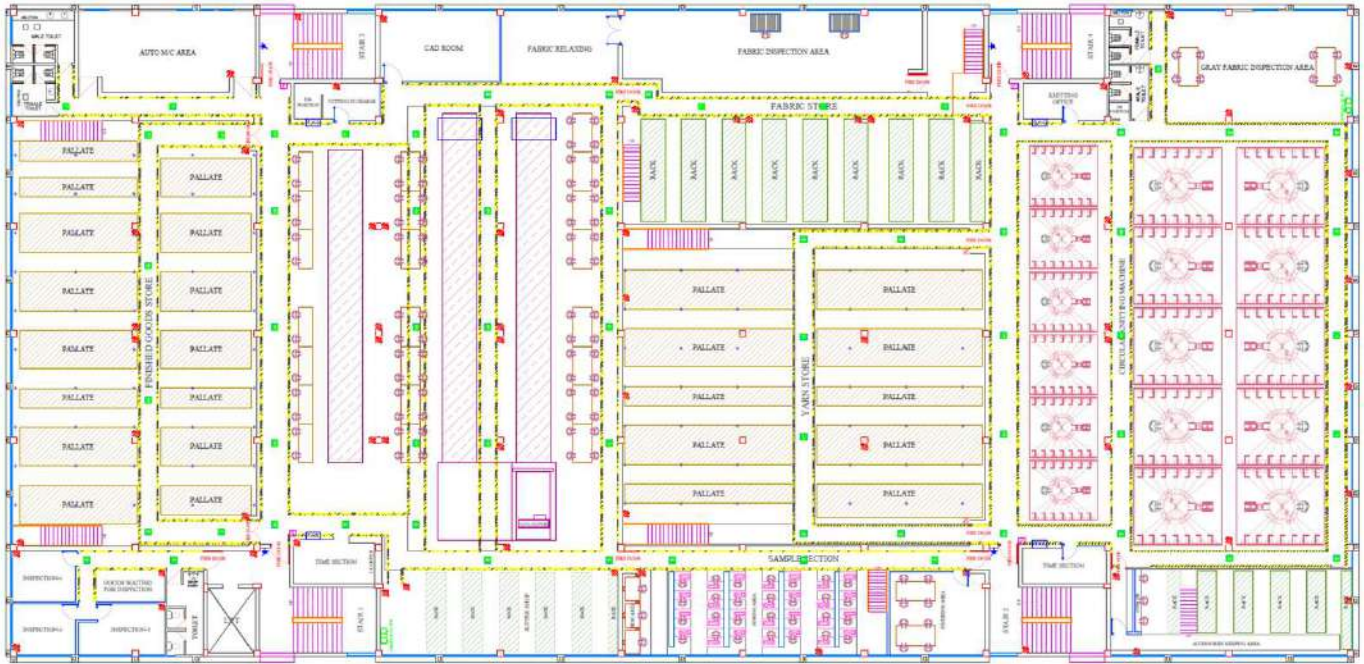

At Unibuild Solutions BD, we follow a structured and client-focused approach to ensure every project is delivered with precision, quality, and efficiency. From understanding client requirements to planning, design, engineering, compliance, and execution support, we emphasize collaboration, technical excellence, and timely delivery. Our goal is to develop practical, sustainable, and cost-effective solutions that create long-term value for our clients.

Multidisciplinary Technical Team:

- **ARCHITECTURAL DESIGN:**

MD SHAHRIER HASAN (B. ARCH, MIAB)

Chief Architect

Working Experience: More Than 20 Years.

MD TOWFIQUL ISLAM (B. ARCH)

Architect (Expert on Industrial Layout & Master planning)

Working Experience: More Than 16 Years.

MD SHAKIL MORSHED (B. ARCH)

Associate Architect

Working Experience: More Than 6 Years.

SHAKERUL MUHI (B. ARCH)

Associate Architect

Working Experience: More Than 5 Years.

PAPRI RANI DAS (B. ARCH)

Project Architect

Working Experience: More Than 5 Years.

NAVID AL NIPU (B. ARCH)

Associate Architect

Working Experience: More Than 3 Years.

MD MURADUZZAMAN (B. ARCH)

3D Visualizer

Working Experience: More Than 5 Years.

Multidisciplinary Technical Team:

- **STRUCTURAL DESIGN:**

MOHAMMAD NURE ALAM

M.Sc. Engr. (Structure, DUET), FIEB
CDA, RDA & COX DA Enlisted Engr.
Associate Structural Consultant
Working Experience: More Than 20 Years.

KAWSAR AHMED

B.Sc. in Civil Engineering. (BUET), MIEB
Associate Structural Consultant
Working Experience: More Than 12 Years.

MD ASHRAFUL ALAM

M.Sc. Engr. (Civil & Structure, BUET), MIEB
RAJUK (ECPS) & DCB Enlisted Engr.
Associate Structural Consultant
Working Experience: More Than 12 Years.

MEHEDI HARUN

B.Sc. in Civil, MIEB
Structure Engineer
Working Experience: More Than 05 Years.

A.H.M. MOSHFUQ MASHRUR

B.Sc. in Civil, MIEB
Junior Structure Engineer
Working Experience: More Than 02 Years.

MD MOMINUL ISLAM

B.Sc. in Civil
Asst. Engineer
Working Experience: More Than 4 Years.

Multidisciplinary Technical Team:

MD JAHIDUL ISLAM

Dip. in Civil

Asst. Engineer

Working Experience: More Than 10 Years.

- **MEP (Mechanical, Electrical & Plumbing) DESIGN:**

MD MUSHTASHIM BILLAH

B.Sc. in Electrical, MIEB

Associate MEP Consultant

Working Experience: More Than 17 Years.

A. FATTAH ALL MONJUR (Asif)

B.Sc. in EEE, MIEB

Associate MEP Consultant

Working Experience: More Than 15 Years.

TARAQUE MOHAMMAD DOSTOGIR

B.Sc. in EEE

Associate MEP Consultant.

Working Experience: More Than 11 Years.

SAIF-UL-ISLAM SOHAG

B.Sc. in EEE

Electrical Engineer

(Expert on Project Planning, Design and Development)

Working Experience: More Than 11 Years.

MD ROBIUL ISLAM

B.Sc. in EEE

Project Engineer

Working Experience: More Than 10 Years.

Multidisciplinary Technical Team:

MD MURADUL HASAN

B.Sc. in EEE

Project Engineer

Working Experience: More Than 6 Years.

MD RIPON MAHMUD

B.Sc. in Civil

Plumbing Engineer

Working Experience: More Than 8 Years.

- **FIRE DETECTION & PROTECTION SYSTEM DESIGN:**

MD SAROAR JAHAN

B.Sc. in EEE, CFI Certified

Associate Fire Consultant

Working Experience: More Than 13 Years.

MD SIDDIK HOSSAIN

B.Sc. in EEE, CFI Certified

Associate Fire Consultant

Working Experience: More Than 13 Years.

MD ABDUL JOLIL

B.Sc. in EEE

Associate Fire Consultant

Working Experience: More Than 12 Years.

MD ASADUZZAMAN

B.Sc. in EEE

Associate Fire Consultant

Working Experience: More Than 10 Years.

Multidisciplinary Technical Team:

- **SOCIAL COMPLIANCE CERTIFICATION:**

SARDAR ATIKUR RAHMAN

Associate Consultant

Working Experience: More Than 18 Years.

- **TENDER DOCUMENTATION & SUBMISSION:**

MD TAUHIDUL ISMD ABDUL JOLIL

B.Sc. in EEE

Associate Fire Consultant

Working Experience: More Than 12 Years.

- **MARKETING & BUSINESS DEVELOPMENT:**

ASHADUZZAMAN MEHEDI

B.sc. in Electrical and Electronics

Director, sales operation.

Working Experience: More Than 15 Years.

MD SHOUD MAHADI JARS

B.Sc. in EEE

Manager

Working Experience: More Than 10 Years.

MST. LIMA KHATUN

Bachelor of Business Administration

Executive

Working Experience: More Than 2 Years.

Project Experience Summary:

- **Industrial Projects:**

Planning, design, engineering, and construction solutions for industrial facilities with a focus on efficiency, compliance, and operational excellence.

- **Commercial Projects:**

Architectural, engineering, and construction services for offices, commercial buildings, and mixed-use developments.

- **Residential Projects:**

Modern residential design and engineering solutions that combine functionality, safety, and aesthetic appeal.

- **Mosque Projects:**

Architectural design, engineering, interior works, and construction for functional and inspiring mosque developments.

- **Interior Works:**

Creative and functional interior solutions for garment office floors, commercial spaces, and residential projects.

- **Construction Works:**

Reliable end-to-end construction services with a commitment to quality, safety, and timely project delivery.
